My grandson is almost 8. He is addicted to Minecraft. Although he is an excellent reader, above second grade reading level, he is not fond of reading because he does not find the books interesting. Well I ordered him the entire set of this series. Probably a dumb idea because had he

not liked them I would have been stuck with 9 books. Luckily, I judged correctly. For the first time since he had discovered Minecraft, the video game, he was reading rather than playing. It confirmed Grandma's theory that it was not the reading he did not like, it was the subject matter! Yeah Grandma. So the books get 5 starts from both of us.

We have read all of the books in the Diary of a Minecraft Zombie series, but this one is my son's favorite. If you haven't read the other books in the series, you might want to check them out first (starting with Book 1). You could probably read this one without having read the others, but it's better (in my opinion) if you read them in order so you're familiar with the characters. The book is written in diary style, and the chapters are broken up into days as Zombie tells you about his life. Zombie is a likable Mob and not at all scary. He has a human friend Steve (and in this story, they wind up switching bodies because of a swamp witch! Oh no!) and lots of funny Mob friends, too. My son thought it was hysterical how Zombie tried to fit in as "Steve" in the human Minecraft world. It's very creative and spins off the Minecraft game, so not everything is exactly how you see it in the game (Zombie has a family and goes to school, Steve also goes to school, etc.). The book is a quick read and suitable for 7 and up (although in this particular story, they talk about a lot of things that 12 year olds go through, like bullying and trying to fit in at middle school that maybe the young kids won't get yet. But this did not seem to bother my son!). There are some black and white illustrations/pictures throughout that my son enjoyed, too. The book is very clever and I chuckled aloud several times while reading it. The whole series is a great way to inspire Minecrafters to read. And if your child is a fan of the Wimpy Kid series, they'll enjoy the style of the book, too!

My kids love reading about Minecraft, like most kids. These books are well-written and engaging and keep them attentive until the end, while building up their reading skills. They love the stores and talk my ear off about them. A real winner that will grab the attention of your electronics-obsessed kids!

I bought the Diary of A Minecraft Zombie books for my Minecraft obsessed 10 year old daughter and she loves them! She quickly finished each book and I can't buy them fast enough! Would definitely recommend to anyone buying for a young (8-11 yr old) Minecraft obsessed child!

My 8 yr old 3rd grader loves this series! He received Vol. 1-3 for his birthday and he wanted the rest of the set as soon as he was done reading them. He doesn't enjoy reading usually so these are

great. He now has the complete series.

I have purchased the first 4 books of this series and my son loves them. He is 9! They are just the right reading level and they are about minecraft, something he really enjoys. It is one of the few times I do not have to make him read and he enjoys them. He often comes to read me certain sections he finds funny. The only con, they are kind of short. But the price is right!

I love this book it is cool .This reminds me of the dsiry of a wimpy villager series.The only problem was the names. The author needs more creativity on that side. Zombie isnt the best name for a zombie.Overall,this has laughs, and the story is amazingly AWSOME AND WELL BULT. I SUGGEST :BOOK AUTHORGameknight999 series Mark ChevertonDiary Of A Wimpy Villager Series Cube KidMinecraft Hacks Combat Edition Megan MillerMinecraft Hacks Building Edition Megan MillerMinecraft Hacks Megan MillerEscape From The Overworld Danica DavidsonA Minecraft Gamer's adventure series Winter MorganThank you for reading my review .I hope you like this book!!!

I haven't actually read this series, but my 8 year old can't put them down. That's all need to know about these books! He even rereads them while waiting for the next ones to arrive. I'm a teacher as well and I know how hard it is to get boys to want to read. These were a great find and pretty cheap too!
