Love! Love! Love theses books for my 8 year old. He has always struggled with reading and hasn't had the interest in any books before. I can believe how much his fluency has improved, he is flying through the series with such excitement and joy! He has finally connected with reading. Thank You!!!! Please keep publishing more books.

This was a amazing book and the series. please release book 6 quickly so we can read it. You did a great job writing this book and keeping us entertained. I really wanted to know what happens in summer camp. I cant wait!!! Great job and great books!!!

I had a hard time getting my son interested in any particular book or series, but my kids love all these Zack Zombie books. They are perfect for a 3rd grade level reader. The books are fun to read, but there are some type-o that the publisher should have caught.

My 8 yo son is not much of a reader but loves Minecraft. I was hoping that buying these books would get him more interested in reading and not so much of a fight when it comes to his 10 min reading that he has to do nightly for school. And this book has done the trick. My son will even ask to read a little longer sometimes because he is "at a good part." lol Would highly recommend for any young reader that likes Minecraft.

My son loves these books. Since we found the Diary of a Minecraft Zombie series, reading at night is so much more fun. He looks forward to bedtime and hates to stop. My son is 8 and his reading has truly improved by reading books he enjoys and he REALLY enjoys these books.

My daughter loves these books. Her and I would read them together and have a good laugh. She would show me her little figures so i would know what they are & what they can do. I look forward to reading them with her. It's our fun time.

Dear Herobrine books,I really like your series because it showes the point of view of a young minecraft zombie who has lots of exiting adventures I can't wait for the 6th book to come out witch brings us to the next topic. I think you should write more books soon because you are keeping all you fans waiting like me.- EpicCreeper545

Bought this book not realizing that this is the same book as the one I bought through Scholastics. Both books are the same but instead of having the title as Book 5: School Dazes this just says Zack Zombie. Very confusing. If you plan to buy the series, it's best to make sure it's from the same publisher.
