Customer Reviews

The Left-Behind series are amazing works of art. This volume is no different. You will be drawn into the story line and may say or do things that are out of place in reality (wherever that is). I had to limit my listening time, lest I overdose on the chapters/episodes. Really good if you think you have limited time to read, but you will most likely find that you stop what you were doing and just listen.

The Best Drama Your Ears Will Ever See!

This series is awesome, because it gives the listener a chance to visualize what is happening in the story, just by hearing it. If you haven't already, start collecting the series, with "Left Behind", and go on from there.

better!! The plague, or whatever it was that wiped out billions of people on earth is gone. Now the survivors must make sense of the rubble. They must find Rabbi Ben Ezra (i think thats his name) and also the Anarchist's forces of evil. SOunds a bit like Star wars? Well, its pretty good, keeps you listening. each episode ends wiht character arch or cliff hanger.

Left Behind is a wonderful series. I am looking forward to listening to all the audio cd's. I have read the books and they are just as great.

any fan of the 'left behind' series will love this. more significantly, it's one of 12 good ways to introduce the series. good stuff!

Just changing out the series to 1 format from tape to cd. I would recommend this series to all especially in these times.

Enjoyed this series and this makes it seem so real and that I am actually there-Amazing! I wish I had the rest of it

Yes, these audio dramas are the BEST thing that could happen to Left Behind. The crew that put this together do an awesome job of using the "theater of the mind" to dramatize Tim LaHaye/Jerry Jenkins' New York Times Bestseller Christian fiction novels! Assassins details the relentless pursuit by Rayford Steele for vengeance against God's enemy, as well as many other events that take place as the Tribulation Force tries to survive the Tribulation. It's non-stop action, brilliant acting, super sound effects, and neat music. If you like Left Behind...get it!!
