Customer Reviews

I received my book on Saturday after nearly one month of waiting. The quality of the book is pretty good. However, there is a small mistake with the appearance. The corners of this book are distorted. Ok, I can understand anyway because of the packing and transferring. Nevertheless. I wish I could receive a more good-looking book.

love to save money, I got this international edition for my finance class, got an A, everything inside

is as the US edition

There was absolutely nothing wrong with it. It was the exact book as advertised which is the one that my class has

It is great and I got it so quick so that I can read it before our class. It is good for using.

The book provides a solid foundation for what bank management goes through financially operate their institution. I would recommend it to everyone.

This book's condition is okay. 2 pages missing or taken out. Seems like it was wet or got wet during the shipping. However, for study purpose it is very useful.
