A Soul Torn Apart

Synopsis

Daniel and Jasmine had been married for the last 10 years. Some would say that they had the picture perfect relationship. They had it all. The elaborate dream home, two adorable daughters that they adored and everything in between. Daniel even served in their church as one of its most faithful deacons. So what more could a woman ask for, right? But, things werenâ™t always what they seemed. When Jasmine finds out that Daniel once again steps out on their marriage all hell breaks loose. With one secret unfolding after the next, Jasmine begins to spiral out of control. Will prayer be enough to rebuild this broken home or are the skeletons that come tumbling out of the closet be too unforgivable to forgive?

Customer Reviews

Don't let the title in anyway fool you. This is a well written book, full of excitement, surprises and moments that will make you go, "Ummm". Ms. Richardson is a well polished writer and her books can actually suck you into them. I am no way an avid reader of books and novels but I read Ms. Richardson first book (because of our spiritual connection) cover to cover and now I am enjoying

her second book, just as well, if not more. I love her as my spiritual sister and now also as, my one and only author. An author who is now a writer of two major books. All I will tell you is, I am over half way through this book and that "Donald" character has just blown my mind. Please buy and enjoy the reading.

Frienemies! Wow! Who would've thought that there was such deep seated hatred for a child turned man who had nothing to do with his father who was a womanizer except to follow in his father's footsteps & almost cause great harm to his family by duck unbalanced people. The sins of the fathers & mothers!

This book is an awesome read. I loved how the author kept me intrigued with every turn of the page. The story was easy to follow and so relatable to the common things of the world. Can't wait to see what's next. I give this book 5 stars easily

An absolute page turner!!! All I can say is "hurry up with part 2"!!! Love it!!! LOL! You out did yourself Kathleen!!

Very disturbing. Loved it right up to the end. Captivating story . Could't put it down. Mesmerizing work. Must read if you like real situation stories. you will be total shocked at the direction this story takes. Not going to tell any more. Just read it.

My 1st book by this author & it definitely won't be my last! Soooo much DRAMA!!! Wow!!! I won't spoil it! But it is a must read! When u decide to cheat....u really do cheat urself!!!!!! Wish I could give it more than 5 STARS!!!! WHERE IS BOOK 2?????

I chose this rating because of the excitement of the couple's relationship and all the people on medication but not taking it. But they definitely need to. Can't wait for the next part. I just hope that it has a happy ending.

This is my first time reading a book by this author and it will not be my last time. This book was so good. All kinds of craziness going on. Loved it. Please hurry with Part 2. Need to read it with a quickness.
