Customer Reviews

Beatrice was raised in a convent following her parents' deaths by her aunt, the Abbess. Rather than allowing Beatrice to take her vows, the Abbess wanted her to experience life outside the Abbey; perhaps she would like marriage and a family. At a dinner party, Beatrice meets Christopher Davenport, Earl of Kent. Christopher has been fighting in the war for ten years and only returned to England when he inherited the title upon his father's death. But other forces are at work to keep them apart. If I had proofread this book, I would have made 20 corrections.

I love reading good wholesome stories either full length or short. Beatrice is the beloved niece of the Abbess at the Abbey. She wants to marry and for love. She meets Christopher the new Earl of Kent and hopes to marry him. Then all at once rumors turn up about the new Earl that he has fathered not one but several illegitimate babies. While Christopher is trying to prove his innocence, Beatrice goes missing. A sweet story with a heart felt ending!!

A nice little tale of a man who inherits an impoverished title, and a young heiress who was raised in an abby.

This story has unique characters and an interesting plot.

Somehow these very short stories don't seem deserving of the same star ratings as the longer novels. Still, this story was good and clean, if somewhat formulaic.
