How The Fox Got His Color Bilingual Russian - English

Synopsis

This delightful little story tells of a young girl's time with her grandmother as she relates a legend of how a mischievous little white fox with all his grand adventures going over and under and through became the red fox we all know today. How the Fox got His Color may well become all-time children's classic and a perfect book for the young reader. It is also a great way to study English as a second language or to help learn one of the many languages in which it is available.

Customer Reviews

I liked the story and the cute pictures, and it helps me to study Russian on an easy level. It's also helpful that the Russian and English appear on 1 Kindle page. However, the text-to-speech facility was not working on my Kindle, and that was important to me.

I bought this to supplement a beginning Russian language book. Easy to read format with both languages together on the same page. Good illustrations to support the text.

This is a cute e-book to read with my youngest and hopefully being bi-lingual will be an aid to learning/re-learning Russian language for family members.

Charming story and helpful in learning Russian. Pretty short book, but then the price was low. The rainbow imagery was really great.

I liked this little story very much. It had a lot of colorful vocabulary and was pretty easy for a beginner learner of Russian.
