Customer Reviews

The content is very good and the audio is clean. However, the audio comes out too fast for a beginner trying to hear the words for the first time. But, it is great to learn french language at normal speed.

Clear, easy to use. I tried to study a bit every night on a 40 day hike through southern France.

However, given the price particularly, a very serious criticism is that there is no audio in the eBook.

While the CD seems fine, the case it arrived in was badly damaged.

Very useful
