Customer Reviews

Needed it for a class and it is now out of date due to changes made but it was not for the class.

Passed this portion of the exam November 13th 2015 (85). I used this book as my primary study

tool. Went through each chapter and took notes throughout the text. I actually just listed my copy for sale right now. I also used an online test bank and an audio CD but I think this book is what really did it.

thorough study material.

Not worth the price. If you price an ebook at \$65 then you'll be held to a high standard. For the content that you're receiving as a customer, the book is about 3x too expensive. Don't bother with this one.
