Best Sellers Rank: #70,446 in Books (See Top 100 in Books) #29 in Books > Business & Money > Economics > Econometrics #454 in Books > Textbooks > Business & Finance > Economics

Customer Reviews

The most important text for economists who are entering the fabulous world of time series analysis. Clear and simple explanations and many good examples.

All good, as expected.

It is a good book for people who are gonna boost their skills in real work.

This is actually a very good book.

Ok. no problem
