Blue: A Novel

Synopsis

Ginny Carter was once a rising star in TV news, married to a top anchorman, with a three-year-old son and a full and happy life in Beverly Hills—until her whole world dissolved in a single instant on the freeway two days before Christmas. In the aftermath, she pieces her life back together and tries to find meaning in her existence as a human rights worker in the worst areas around the globe. Then, on the anniversary of the fateful accident—and wrestling with the lure of death herself—she meets a boy who will cause her life to change forever yet again. Thirteen-year-old Blue Williams has been living on the streets, abandoned by his family, rarely attending school, and utterly alone. Following her instincts, Ginny reaches out to him. Leery of everyone, he runs from her again and again. But he always returns, and each time, their friendship grows. Blue glows with outsized spirit and an irresistible mix of innocence and wisdom beyond his years. Ginny offers him respect as they form an unusual bond and become the family they each lost. But just as Blue is truly beginning to trust her, she learns of a shocking betrayal that he has been hiding. Is it a wound too deep to heal, or will she be able to fight the battle that will make them both whole again? Blue is #1 New York Times bestselling author Danielle Steel at her finest, a probing and emotionally gripping story of dark secrets revealed, second chances, and the power of love and courage to overcome life's greatest challenges.

Customer Reviews

I have always enjoyed Danielle Steel's writings, but this is one of her best. The love of three lost people was portrayed in such an excellent, exciting way, that I could not put this novel down. It

helps people to see even bad things can have a happy ending and gives hope to those going through tough times. Thank you Danielle. Please keep writing beautiful stories for people like me to enjoy.

This is something I've noticed in the last few DS books (which I collect and have all of except the preordered ones). In this story Ginny and her sister Becky have a pretty heated fight over the phone. Then literally 5 pages later, Becky comes to visit Ginny with her family. I got very confused, did they make up? What happened? Why wasn't it written? I wish it was because it didn't make much sense otherwise. And I felt bad because it was a really great book. But as in the last few it seems that instead of slowly tying the stories together, everything is sped up in a wham bam boom type of way. Slow it down and the flow will come together better. I'd rather have less books then rushed through stories, but that's just me.

I am just getting into the book and so far it is interesting and the author shows things in the right perspective. There may be violence but I have not got that far into the book. I have read many of Danielle Steel's books and enjoyed them all.J

I really enjoyed Danielle Steele's latest novel Blue. I wanted to keep reading to find out what would happen. All of her books are good, but this is one of the better books in the last few years. I would definitely recommend.

A little different from other Danielle Steel novels--a heartwarming story that includes a wide range of emotions from despair to jubilation. It mirrors the ups and downs of many peoples' lives but as one expects has a fairy tale like ending that most people dream of.

There is some reference to violence and sexual situations that has happened in the past. This is a wonderfully written story .Once I started reading I couldn't stop. I have been reading Danielle Steele novels for many years and I was not disappointed. She is still one of the best authors out there.

I know Danielle Steel book's are predictable. I know the plots are usually the same. I know, I know, I know, but I still love them! This one perhaps a bit more because it was a bit different. There was still a love story but it leant to a little bit different theme.

I really enjoyed the book. It was a little deep with the problem of sexual perversion in the Catholic Church but was handled well. It was wonderful that two people lost in the world were able to bond and what she did for this young boy was amazing. And what he did to help her also.
